

RYB Education, Inc. Reports First Quarter 2021 Financial Results

BEIJING, July 7, 2021 /PRNewswire/ -- **RYB Education, Inc.** ("RYB" or the "Company") (NYSE: RYB), a leading early childhood education service provider in China, today announced its unaudited financial results for the first quarter of 2021.

First Quarter 2021 Operational and Financial Summary

- Number of students enrolled at directly operated facilities was 36,890 as of March 31, 2021, compared with 31,251^[1] as of March 31, 2020.
- Net revenues increased by 111.8% to \$36.7 million, compared with \$17.3 million for the first quarter of 2020.
- Gross profit was \$3.4 million, versus gross loss of \$11.6 million for the first quarter of 2020.
- Net loss attributable to ordinary shareholders of RYB for the first quarter of 2021 was \$1.8 million, compared with \$26.6 million for the first quarter of 2020. Adjusted net loss attributable to ordinary shareholders^[2] of RYB for the first quarter of 2021 was \$1.2 million, compared with \$25.8 million for the first quarter of 2020.
- Cash generated from operating activities was \$22.8 million in the first quarter of 2021, versus \$14.0 million cash used in operating activities for the first quarter of 2020.

First quarter 2021 Financial Results

Net Revenues

Net revenues for the first quarter of 2021 increased by 111.8% to \$36.7 million, from \$17.3 million for the same quarter of 2020.

Service revenues for the first quarter of 2021 increased by 108.7% to \$35.1 million, from \$16.8 million for the same quarter of 2020. The increase was mainly due to a significant increase in tuition fees revenue, as all of the Company's directly operated facilities in China were in normal operation in the first quarter of 2021 whereas those facilities were temporarily closed for most time of the same quarter of 2020 as a result of COVID-19 outbreak. The increase in the number of students enrolled at facilities in both China and Singapore also contributed to a higher tuition fees revenue.

Product revenues for the first quarter of 2021 increased by 208.9% to \$1.6 million, from \$0.5 million for the same quarter of 2020. The increase was due to a significant increase in the amount of merchandise sold through the Company's franchise network, as the franchisees' facilities have resumed operation.

Cost of Revenues

Cost of revenues for the first quarter of 2021 was \$33.3 million, a 15.1% increase from \$28.9 million for the same quarter of 2020. Cost of revenues for services for the first quarter of 2021 was \$32.6 million, compared with \$28.7 million for the same quarter of 2020. The increase was mainly driven by an increase in the direct cost of directly operated facilities after normal operations resumed from previous temporary suspensions due to Covid-19. Cost of products revenues for the first quarter of 2021 was \$0.7 million, compared with \$0.3 million for the same quarter of 2020. The increase was generally in line with the increase in products revenues.

Gross Profit/Loss

As a result of the foregoing, gross profit for the first quarter of 2021 was \$3.4 million, versus gross loss of \$11.6 million for the same quarter of 2020.

Operating Expenses

Total operating expenses for the first quarter of 2021 were \$5.7 million, compared with \$14.5 million for the first quarter of 2020. Excluding share-based compensation expenses, operating expenses were \$5.0 million, a decrease of 63.4% from \$13.7 million for the first quarter of 2020.

Selling expenses for the first quarter of 2021 were \$0.4 million, compared with \$0.2 million for the same quarter of 2020.

General and administrative ("G&A") expenses for the first quarter of 2021 were \$5.3 million, a 9.2% decrease from \$5.8 million for the same quarter of 2020. Excluding share-based compensation expenses, G&A expenses were \$4.6 million, compared with \$5.0 million for the same quarter of 2020. The share-based compensation expenses included in G&A expenses were \$0.6 million for the first quarter of 2021.

The decrease in G&A expenses excluding share-based compensation expenses was primarily due to the decrease in staff cost and operational expenses as a result of stringent cost control measures taken in response to COVID-19 outbreak.

Impairment loss on goodwill was nil for the first quarter of 2021, compared to \$8.5 million for the same quarter of 2020.

Operating Loss

Operating loss for the first quarter of 2021 was \$2.3 million, compared with \$26.1 million for the same quarter last year. Adjusted operating loss^[3] was \$1.6 million for the first quarter of 2021, compared with \$25.3 million for the same quarter of 2020.

Net Loss

Net loss attributable to ordinary shareholders of RYB for the first quarter of 2021 was \$1.8 million, compared with \$26.6 million for the same quarter of 2020. Adjusted net loss attributable to ordinary shareholders of RYB, which excludes the impact of \$0.7 million of share-based compensation expense for the first quarter of 2021, was \$1.2 million, compared with \$25.8 million for the same quarter of 2020.

Basic and diluted net loss per American depositary share ("ADS") attributable to ordinary shareholders of RYB for the first quarter of 2021 were both \$0.06, compared with basic and diluted net loss per ADS attributable to ordinary shareholders of RYB of both \$0.96, for the same quarter of 2020. Each ADS represents one Class A ordinary share.

Adjusted basic and diluted net loss per ADS attributable to ordinary shareholders^[4] of RYB for the first quarter of 2021 were both \$0.04, compared with basic and diluted net loss per ADS attributable to ordinary shareholders of RYB of both \$0.93, for the same quarter of 2020.

EBITDA^[5] for the first quarter of 2021 was \$3.1 million, versus a loss of \$24.8 million for the same quarter of 2020. Adjusted EBITDA^[6] for the first quarter of 2021 was \$3.8 million, versus a loss of \$24.0 million for the same quarter of 2020.

Operating Cash Flow

Cash generated from operating activities was \$22.8 million during the first quarter of 2021, versus \$14.0 million used in operating activities during the first quarter of 2020. Thanks to the effective control of the Covid-19 pandemic in China, all of the Company's directly operated facilities resumed operation since September 2020. This has significantly contributed to the operating cash flow for the first quarter of 2021 since the majority of cash inflow is derived from collection of tuition fees. Moreover, the Company has reduced cash outflow by carrying out stringent cost control measures on discretionary expenditures.

Balance Sheet

As of March 31, 2021, the Company had total cash and cash equivalents of \$74.2 million, an increase from \$53.5 million as of December 31, 2020. The increase in cash balance was mainly due to the operating cash inflow of \$22.8 million in this quarter as the Company's operations recovered from Covid-19 pandemic.

Outlook

For the second quarter of 2021, the Company's management currently expects net revenues to be between \$51.0 million and \$52.0 million, representing a year-over-year increase of approximately 299% to 307%. The above outlook is based on the current market conditions and reflects the Company management's current and preliminary estimates of market and operating conditions, customer demand and foreign exchange environment, which are all subject to change.

About RYB Education, Inc.

Founded on the core values of "Care" and "Responsibility," "Inspire" and "Innovate," RYB Education, Inc. is a leading early childhood education service provider in China. Since opening its first play-and-learn center in 1998, the Company has grown and flourished with the mission to provide high-quality, individualized and age-

Use of Non-GAAP Financial Measures

We use EBITDA, adjusted EBITDA, adjusted operating income, adjusted net income, and adjusted basic and diluted net income per ADS, each a non-GAAP financial measure, in evaluating our operating results and for financial and operational decision-making purposes.

EBITDA is defined as net income excluding depreciation, amortization and income tax expenses; adjusted EBITDA is defined as net income excluding depreciation, amortization, income tax expenses, and share-based compensation expenses; adjusted operating income is defined as operating income excluding share-based compensation expenses; adjusted net income attributable to ordinary shareholders is defined as net income attributable to ordinary shareholders excluding share-based compensation expenses and changes in redeemable non-controlling interest; and adjusted basic and diluted net income per ADS attributable to ordinary shareholders are defined as basic and diluted net income per ADS attributable to ordinary shareholders excluding share-based compensation expenses and changes in redeemable non-controlling interest.

We believe that EBITDA, adjusted EBITDA, adjusted operating income, adjusted net income, and adjusted basic and diluted net income per ADS, help identify underlying trends in our business that could otherwise be distorted by the effect of certain expenses that we include in income from operations and net income. We believe that EBITDA, adjusted EBITDA, adjusted operating income, adjusted net income, and adjusted basic and diluted net income per ADS, provide useful information about our operating results, enhance the overall understanding of our past performance and future prospects and allow for greater visibility with respect to key metrics used by our management in its financial and operational decision-making.

EBITDA, adjusted EBITDA, adjusted operating income, adjusted net income, and adjusted basic and diluted net income per ADS, should not be considered in isolation or construed as an alternative to net income or any other measure of performance or as an indicator of our operating performance. Investors are encouraged to review the historical adjusted financial measures to the most directly comparable GAAP measures. EBITDA, adjusted EBITDA, adjusted operating income, adjusted net income, and adjusted basic and diluted net income per ADS, presented here may not be comparable to similarly titled measures presented by other companies. Other companies may calculate similarly titled measures differently, limiting their usefulness as comparative measures to our data. We encourage investors and others to review our financial information in its entirety and not rely on a single financial measure.
